

STRUCTURAL ENGINEERING CONSULTANCY • EST. 2008

Engineering Structures for a Better Tomorrow.

Providing precision structural design, advanced computational analysis, space frame spatial canopies, and high-rise BIM detailing across India and Saudi Arabia.

MANAGING DIRECTOR & CHIEF
ENGINEER

Er. K. Jithesh

MTech (Structural Engineering)
Practicing in Industry Since **1991**

- ✓ **Chartered Engineer (CEng)** — India
- ✓ **Member, Institution of Engineers (India) [MIE]**
- ✓ **Member, Indian Concrete Institute (ICI)**
- ✓ **Approved Valuer & Government Licensed Structural Consultant**
- ✓ **34+ Years Engineering Industry Experience**

Firm Genesis & Trajectory

Founded in **2008** in Calicut, Kerala (initially functioning as *Jithesh & Associates*), the firm has grown into a leading structural design force handling prestigious residential towers, commercial landmarks, PEB industrial sheds, and high-profile spatial trusses across multiple Indian states and Saudi Arabia.

"A dream doesn't become reality through magic; it takes hard work, dedication and engineering precision. When I founded this consultancy in Calicut in 2008, our mission was simple: uncompromising safety, economic efficiency, and enduring architectural value."

— **Er. K. Jithesh, MTech, MIE, CEng**

INDUSTRY RECOGNITION

National Awards & Honors

INTERNATIONAL ACHIEVERS CONFERENCE

**Fastest Growing Indian Company
Excellence Award**

Honoring structural engineering
excellence and sustained commercial
growth.

SILICONINDIA NATIONAL SURVEY
(2017)

**10 Most Promising Engineering
Consultants**

Recognized among top consultancy
firms for advanced computational
engineering.

CORE SPECIALIZATIONS

Engineering Disciplines & Standards

01. MULTI-STORY RCC & COMMERCIAL FRAMING

Full 3D dynamic analysis for high-rise residential towers and commercial plazas. Modeling column ductility, shear walls, wind load drift, and soil-structure interaction.

STANDARDS: IS 456, IS 1893, IS 13920, ACI 318

02. INDUSTRIAL STEEL & PEB STRUCTURES

Design and optimization of Pre-Engineered Buildings, clear-span warehousing, crane gantries, and industrial processing plants with material optimization.

STANDARDS: IS 800 (Limit State), MBMA, AISC 360

03. SPATIAL TRUSSES & SPACE FRAME CANOPIES

Specialized long-span tubular node space frames, stadium canopies, entry spatial trusses, and expressive structural architecture across India and Saudi Arabia.

STANDARDS: IS 800, Eurocode 3, Saudi Building Code (SBC)

04. DEEP FOUNDATIONS & GEOTECHNICAL MODELING

Bored cast-in-situ piles, pile cap groups, buoyant raft basements, diaphragm walls, and slope stability analysis for coastal and tricky soil stratas.

STANDARDS: IS 2911 (Pile Foundations), IS 1904

05. 3D BIM DETAILING & REBAR FABRICATION (BBS)

Clash-free 3D structural BIM models, structural drawings, bar bending schedules (BBS), and steel connection shop drawings minimizing site wastage.

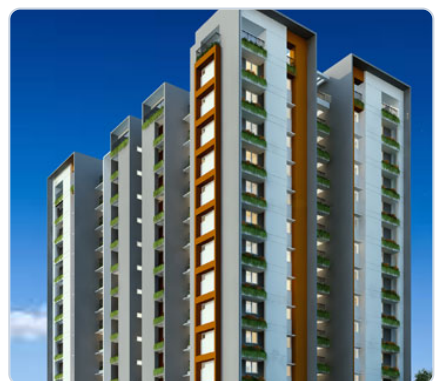

TOOLS: ETABS, SAFE, STAAD.Pro, AutoCAD, Revit

06. STRUCTURAL AUDITS, NDT & RETROFITTING

Non-Destructive Testing (Rebound Hammer, Ultrasonic Pulse Velocity), distress mapping, core compression checks, and carbon fiber (FRP) wrapping schemes.

STANDARDS: IS 13311 (Part 1 & 2), IS 15988

FIELD EXECUTION & STRUCTURAL SCHEMES

REGIONAL REACH & CLIENTELE

Trusted by Leading Builders & Developers

HEADQUARTERS

Kerala, India

Active consultancies in Calicut, Kochi, Malappuram, Wayanad, and Kannur.

NATIONAL REACH

Pan-India Operations

Projects across Karnataka, Tamil Nadu, Goa, and Indian states.

INTERNATIONAL

Saudi Arabia & Gulf

Specialized spatial trusses and space frame canopies in Riyadh & GCC.

Select Corporate & Institutional Clientele

Landmark Builders

Pentium Constructions

Good Earth

Mellow Builders

Space Art Builders

Elixir Properties

Daliya Homes

KHRWS Kerala

Konkan Railway Corp.

Silpi Architects

Silver Castle Homes
